

Tango Trial Presentation Images and Their Sources, May 2024

Please note: Newspapers were accessed through multiple sources over several years. These sources included Boston Public Library's microfilm newspaper archives, Lowell's Pollard Memorial Library's microfilm newspaper archives, archive.org, bostonglobe.com (their archives are currently at bostonglobe.newspapers.com), and newspaperarchive.com. I'm not going to try guessing which source got me to which image.

Please note also that these citations are written in Ruth's I-can't-be-bothered-to-do-formal-citations style rather than Chicago, APA or MLA. Everyone will just have to deal. "Author" = Ruth Evans in all citations.

Most images have been enhanced to varying degrees. Ones that got extra TLC are noted.
